# Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. [\(click here for more\)](#)

## About Conference

Scientex Conferences feels auspicious to invite all the eminent professionals in the field of Pediatrics and Neonatology to the **4<sup>th</sup> International Conference on Pediatrics and Neonatology**, to be host on **November 18-19, 2024**, in the futuristic city of **Bangkok, Thailand**. This premier event is a significant gathering for experts, researchers, and professionals in the field of Pediatrics and Neonatology, providing a platform to share groundbreaking research, innovative practices, and the latest advancements in the domain.

For professionals in the fields of medicine, industry, pharmacology, surgery, teaching, and learning practices, Pediatrics 2024 offers a great opportunity. The goal of Pediatrics 2024 is not only to discuss the main theme of the conference, but also to connect the people in the same field across the globe which may pave the way for building a better community for brighter future in the field of pediatrics. # Conference Schedule

## Day 1 - November 18, 2024 (Monday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

## Day 2 - November 19, 2024 (Tuesday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

## 4<sup>th</sup> International Conference on Pediatrics and Neonatology

November 18 - 19, 2024 | Bangkok, Thailand

### SPEAKER PRESENTATIONS

**Title: Risk factors of congenital heart defects among Bangladeshi population**

**Mohammad Abdullah Al Mamun**, Bangladesh Shishu (Children) Hospital & Institute, Bangladesh

**Title: Impact of pasteurization techniques and time-temperature combinations on the antiviral action of human milk**

**Manuela Donalisio**, University of Turin, Italy

**Title: Jaundice in healthy neonates with exclusive breastfeeding**

**Luis Ángel BolioMolina**, Pediatrician in public and private practice, Mexico

**Title: Role of Human Milk Oligosaccharides (HMOs) on proper growth, immunity and tolerance in ensuring lifelong health for infants and toddlers**

**Aftab Yusuf Raj**, Square Hospital, Bangladesh

**Title: Relation between the epicardial fat thickness and the cardiac conduction system in children and adolescents with diabetes**

**Shaymaa Raafat**, Alexandria University, Egypt

**Title: Epidemiologic, microbiologic and imaging characteristics of urinary tract infections in hospitalized infants and young children diagnosed with anatomic abnormalities of the urinary tract**

**Eugene Leibovitz**, Soroka University Medical Center, Israel

**Title: Fifth day fits**

**Balaji Susarla**, Ankura Hospitals, India

**Title: Profile of child labourers in a rural area of West Bengal: A cross sectional study**

**Himanish Roy**, R.G Kar Medical College, India

**Title: A quality improvement initiative to increase the supply of mother's own milk for preterm newborn admitted in neonatal intensive care unit of Bangabandhu Sheikh Mujib Medical University**

**Shazia Afreen**, Kurmitola General Hospital, Bangladesh

**Title: Spigelian hernia in neonate: A case report and review of the literature**

**Samira Sinacer**, Children's and Mother's Hospital, Algeria

**Title: Use of contrast X- ray to assess correct placement of Peripherally Inserted Central Catheter line (PICC) in neonates**

**J Satya Mani Deepika Chilukuru**, Dr. DY Patil Medical College Hospital and Research Institute, India

**Title: Neonatal gastric perforation: Smallest baby ever operated and survived: A case report**

**Nikhilesh Nain**, Life Medical Centre, United Arab Emirates

**Title: Parvovirus B19: A hidden concern in neonatology**

**Yousra Abdelmoumen**, Laboratory of Clinical Immunology, Morocco

**Title: Acquired aorto- esophageal fistula as a complication of missed of foreign body: A case report**

**Abdurrahman Mirza**, King Abdulaziz Medical City, Saudi Arabia

**Title: Galactosemia among positive-screened patients who underwent lactose challenge: A review of records of the newborn screening program**

**Mary Erika V Orteza**, National Institute of Health-Manila, Philippines

**Title: Sclerotherapy with 98% ethanol for a neck lymphangioma: A case report**

**Roohullah Hares**, French Medical Institute for Mothers and Children, Afghanistan

**Title: Early Onset Inflammatory Bowel Disease**

**Dalal Ben Sabbahia**, Ibn Rochd University Hospital, Morocco

**Title: The beneficial role of probiotics in the maintenance of immunologic equilibrium for functional gastrointestinal disorders in infancy**

**Prahlad Kumar Shil**, Rangpur Medical College Hospital, Bangladesh

**Title: Excessive screens in children – A serious emerging health hazard**

**Shaji Thomas John**, Baby Memorial Hospital, India

**Title: Outcomes of double-breasted spongioplasty as additional tissue coverage in tubularized incised plate urethroplasty**

**Chandni**, The Children's Hospital, Pakistan Institute of Medical Sciences, Pakistan

**Title: Parents' in NICU experiences of participating in Family Health Conversations**

**Marie Aberg Petersson**, Kalmar Hospital, Sweden

**Title: Serum anion gap vs lactate clearance as a mortality predictor in critically ill**

**Amiya Ameer**, Hamad Medical Corporation, India

**Title: Galactosemia among positive-screened patients who underwent lactose challenge: A review of records of the newborn screening program**

**Mary Erika Orteza**, National Institute of Health-Manila, Philippines

**Title: The clinical diagnostic accuracy of zero-shot prompt vs. Structured prompt vs. Iterative prompt in chat generative pretrained transformer version 3.5 among admitted patients in the pediatric emergency room of Zamboanga City Medical Center**

**Edward Ariel Tadea**, Zamboanga City Medical Center, Philippines

**Title: The emotional impact on parents of children with down syndrome**

**Nuha Alrayes**, King Abdulaziz University, Saudi Arabia

**Title: Educational development and adaptive skills in down syndrome**

**Cristiano Pedroso**, Brazil

**Title: The pediatric choledochal cyst with hepatic duct stenosis: The state of the art in diagnosis and management**

**Jarruphong Noitumyae**, Queen Sirikit National Institute of Child Health, Thailand

**Title: Solitary ileal hemangioma in a 3-year-old male: A case report with review of literature**

**Prakshi Solanki**, Motilal Nehru Medical College, India

**Title: Mediastinal cystic teratoma with right sided extra renal wilms' tumor - A rare case report**

**AKM Amirul Morshed**, Dhaka Medical College, Bangladesh

**Title: Comparison on antibiotic recommendation of early onset neonatal sepsis calculator and AAP 2018 guidelines in a tertiary hospital from 2019-2023**

**Angelica G. Quitasol**, Metro Iloilo Hospital, Philippines

**Title: Congenital tracheobiliary fistula: Diagnostic and surgical management**

**Salman Ghazwani**, Jazan University, Saudi Arabia

**Title: Socio-demographic profile and complications of measles in children- a hospital-based study**

**Farhana Rahat**, Dr M R Khan Shishu Hospital and Institute of Child Health, Bangladesh

**Title: Coblator assisted marsupialization of vallecular cyst**

**Lakshmi Venkitaraman**, General Hospital, India

**Title: The role of maternal secretor status and human milk oligosaccharides on early childhood development: A systematic review and meta-analysis**

**Martin Mulinge**, University of Nairobi, Kenya

**Title: Detecting Vitamin A deficiency in schoolchildren from ophthalmological electronic health records using machine learning**

**Amar Hassan Khamis**, Mohammed Bin Rashid University of Medicine and Health Sciences, United Arab Emirates

**Title: Duodenal perforation caused by deferasirox**

**Ahmed AlSalem**, Alsadik Hospital, Saudi Arabia

**Title: Diagnosis of paediatric tuberculosis by cartridge based nucleic acid amplification test and its effectiveness as compared to the other conventional diagnostic methods**

**G Dharmaraj Patra**, Dr. Ram Manohar Lohia Hospital, India

**Title: Effect of intensive nutrition education and counseling on hemoglobin level of pregnant women in East Shoa zone, Ethiopia: Randomized controlled trial**

**Ermias Bekele Wakwoya**, Jimma University, Ethiopia

**Title: Liver function tests as a prognostic indicator in Pediatric Intensive Care Unit (PICU)**

**Akshatha Mallikarjuna**, United Kingdom

**Title: Community sanitation status as contributory to the sustenance of sanitation related-diseases among pediatric age group in Ebonyi State, Nigeria**

**Ede Alison Okorie**, Nnamdi Azikiwe University, Nigeria

**Title: Cerebral venous sinus thrombosis in children: A study from a tertiary care hospital of Eastern India**

**Shubhankar Mishra**, Hitech institute of medical science, India

**Title: Closing the loop: Enhancing local monitoring of child poverty to leave no child behind**

**Pablo de la Rasilla**, Independent Researcher, Belgium

**Title: Differentiated effects of media exposure during preschool and early school ages on later development, Based on media use intentions**

**Suhyun Lee**, The Incheon Institute, Republic of Korea

**Title: Assessment of iron status and red cell parameters in healthy term small for gestational age neonates at birth**

**Md Arif Hossain**, Bangabandhu Sheikh Mujib Medical University, Bangladesh

**Title: CAP study: COVID associated pyeloplasty study**

**Ahamed Kabeer Wahab**, Rajagiri Hospital, India

**Title: Personality traits, gender, parenting styles and cyberbullying: A quantitative study of in school adolescents in Nigeria**

**Femi Ilevbare**, Obafemi Awolowo university, Nigeria

**Title: The implementation of mother-to-child transmission prevention program in ante natal care (A qualitative study in public health center of Indonesia)**

**Fika Lilik Indrawati**, National Taipei University of Nursing and Health Sciences, Indonesia

**Title: Bronchiolitis in infants: Five years' experience of a teaching Hospital**

**Mohammad Alqahtani**, Neurosurgery Resident, Charite – Universitätsmedizin Berlin, Germany

**Title: The development and implementation of health, nutrition, and safety (HNS) modules for preschool children in rural areas**

**Nor Hashimah Hashim**, Albukhary International University, Malaysia

**Title: Case report - Wilson Disease**

**Alessandra Denise Turbatu Balan**, St. Mary Clinical Emergency Hospital for Children, Romania
