(Day Concludes | Award Ceremony | Conference Concludes)

Testimonials

Feedback

Luis Ángel Bolio Molina
Mexico

I can say that the event is an excellent means to publicize and disseminate our research work that provides new knowledge for the benefit of children and neonates around the world.

Valerie Bryant
USA

It was an excellent conference with a wide range of solid pediatric research and practice. Thank u so much for inviting me. It's a lot of work but successfully organized.

Amichai Ben Ari
Israel

The conference was very good. I enjoyed the level of the organization and from the communication with you. Thank you very much and it was a good day.

Neha Srivastava
India

I have attended this conference and it is an ocean of knowledge for me. All the doctors from all over the country came, and it was like gaining so much knowledge and so much of inputs were there. This is such a well-organized conference, and it was my pleasure an honour to be here. Looking forward to many more.

Peter Krcho
Slovakia

Dear Olivia, I would like to congratulate, the organisation of the conference in Paris was perfect, everything went smoothly and well planned. We were all able to interact with each other and discuss together on many topics.

Amornrat Ratanasiri
Thailand

Thank you very much for your very useful information's. Your conference at Paris is very useful and well organize.

Ghita Hachim
Morocco

It was a pleasure for me to participate in this great event. It was an amazing experience.

Olga Smilevska Spasova
R. N. Macedonia

The event was great good lectures and participants from all over the world. I was happy to be able to participate. It was a wonderful event, and a fun experience for me and my colleague Mirjana.

Svetlana Zhdanova
Russian Federation

Thank you for the opportunity to participate in your wonderful webinar, which you kindly gave me! It was very interesting and informative. Different and very relevant topics were interestingly reported at this webinar. It was very interesting to see and hear speakers from different parts of the world.

Ana Moreira
Portugal

I thank the organizing committee, for providing me with such an opportunity. It is a very nice conference with very nice presentations, and it is very important for us professionals, to share the knowledge and science and intervention results. Its lucky that I am being there as a part of it. I once again thank the organizing committee for making us feel very comfortable.

Feedback

Mateja Starbek Zorko
Slovenia

Thank you for the opportunity to be with you and participate in the conference. It was amazing and I hope to be able to participate again in such an excellent meeting.

Luis Ángel Bolio Molina
Mexico

I am also grateful to you for providing us with a forum to present our research work, where, for me, it is the third consecutive time that I participate with you. I can say that the event is an excellent means to publicize and disseminate our research work that provides new knowledge for the benefit of children and neonates around the world.

This is to appreciate your valuable efforts. Your regular contacts encouraged us to participate and made our preparation easier, the hotel booking and accommodation were very satisfactory. The event was very organized, all staff were very helpful and supportive. Moreover, the participants were highly selected, topics were very informative. I liked the huge variety of the participants, sharing experiences, combinations between obstetrics and pediatrics issues. Overall, it was great experience, I wish to join you again in another event.

John Eric Wilkinson
Taiwan

It was a pleasure to come and talk with medical practitioners, who deal directly with the children and their families, I tried to present the bigger picture on what we need to do together in the future to try and preserve the health of the planet earth where we live, and I received few responses from the audience which I enjoyed it.

Sunita Koreti
India

Really it was a nice experience sharing with many experts who came from many countries across the world so sharing our knowledge in this platform was a nice experience. We had come across the innovative ideas; new research works and very informative session. I thank you very much for giving this valuable opportunity to me.

Javier Jerry Rose
Seychelles

The conference was great. I enjoyed every moment. It was good to meet with other people, I met before in at the previous edition of the conference, in Paris, last year. I would like to thank you very much for giving me the opportunity to share our experience with other professionals from around the world. Scientex Conferences provide the ideal platform for exchange of scientific research experiences and continuing professional development. I have learnt a lot from the presentations. My wish is to continue to be part of the growing Scientex family and participate in its activities as much as I possibly can. The conference in Dubai as very well organized...

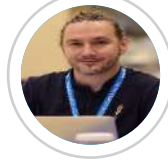

Sukanyaa S
India

Good afternoon I have been a speaker in the Scientex Conference from department of Pediatrics and Neonatology held in 2023 Dubai. It was a very well organised conference I had a great time listening to all the speakers giving their presentation and it was also very overwhelming for me to present my own. Thank you so much for the opportunity...

Hanaa Hasan Banjar
KSA

I really would like to thank the scientific committee to invite me to this conference. I really love to come to this conference it was really a pleasure for me. It was full of interesting subjects and I really enjoyed it a very up to date and a very good discussion of all lecture. Thank you very much for the scientific committee.

**Vultur Horatiu
Florin**
Romania

Overall the conference has a huge impact on our lives as a specialist in Pediatrics and gynaecologist, health professionals. It's my third time I am participating to the conference and I decided after my first conference with the Scientex conferences, that the information which they brought is just amazing from all the fields, up to date and with a great impact regarding the treatments and possibilities from all the places of the world...

Jessy Mavarayil John
India

Congratulations and a big thanks! It was amazing and incredible!! I extend my sincere gratitude to olivia wilson the coordinator she has given all the support for me to be here and join for this conference and the entire team for such a wonderful conference. It was really informative and an enriching experience for me. I have no words to express it is amazing incredible to know each other. Everyone is presenting very good papers here also this is a privilege for me. Thank you very much for the opportunity you have given me to work with you. I appreciate your hard work and commitment for the success of this event...

Speaker Presentations

4th INTERNATIONAL CONFERENCE ON PEDIATRICS AND NEONATOLOGY
NOVEMBER 18-19, 2024 | BANGKOK, THAILAND

Day 1 (November 18, 2024)

Title: Risk factors of congenital heart defects among Bangladeshi population

Mohammad Abdullah Al Mamun, Bangladesh Shishu (Children) Hospital & Institute, Bangladesh

Title: Impact of pasteurization techniques and time-temperature combinations on the antiviral action of human milk

Manuela Donalisio, University of Turin, Italy

Title: Jaundice in healthy neonates with exclusive breastfeeding

Luis Ángel BolioMolina, Pediatrician in public and private practice, Mexico

Title: Role of Human Milk Oligosaccharides (HMOs) on proper growth, immunity and tolerance in ensuring lifelong health for infants and toddlers

Aftab Yusuf Raj, Square Hospital, Bangladesh

Title: Relation between the epicardial fat thickness and the cardiac conduction system in children and adolescents with diabetes

Shaymaa Raafat, Alexandria University, Egypt

Title: Epidemiologic, microbiologic and imaging characteristics of urinary tract infections in hospitalized infants and young children diagnosed with anatomic abnormalities of the urinary tract

Eugene Leibovitz, Soroka University Medical Center, Israel

Title: Fifth day fits

Balaji Susarla, Ankura Hospitals, India

Title: Profile of child labourers in a rural area of West Bengal: A cross sectional study

Himanish Roy, R.G Kar Medical College, India

Speaker Presentations

Title: A quality improvement initiative to increase the supply of mother's own milk for preterm newborn admitted in neonatal intensive care unit of Bangabandhu Sheikh Mujib Medical University

Shazia Afreen, Kurmitola General Hospital, Bangladesh

Title: Spigelian hernia in neonate: A case report and review of the literature

Samira Sinacer, Children's and Mother's Hospital, Algeria

Title: Use of contrast X- ray to assess correct placement of Peripherally Inserted Central Catheter line (PICC) in neonates

J Satya Mani Deepika Chilukuru, Dr. DY Patil Medical College Hospital and Research Institute, India

Title: Neonatal gastric perforation: Smallest baby ever operated and survived: A case report

Nikhilesh Nain, Life Medical Centre, United Arab Emirates

Title: Parvovirus B19: A hidden concern in neonatology

Yusra Abdelmoumen, Laboratory of Clinical Immunology, Morocco

Title: Acquired aorto- esophageal fistula as a complication of missed of foreign body: A case report

Abdurrahman Mirza, King Abdulaziz Medical City, Saudi Arabia

Title: Comparison on antibiotic recommendation of early onset neonatal sepsis calculator and AAP 2018 guidelines in a tertiary hospital from 2019-2023

Angelica G. Quitasol, Metro Iloilo Hospital, Philippines

Title: Congenital tracheobiliary fistula: Diagnostic and surgical management

Salman Ghazwani, Jazan University, Saudi Arabia

Title: Socio-demographic profile and complications of measles in children- a hospital-based study

Farhana Rahat, Dr M R Khan Shishu Hospital and Institute of Child Health, Bangladesh

Speaker Presentations

Title: Coblator assisted marsupialization of vallecular cyst

Lakshmi Venkitaraman, General Hospital, India

Title: The role of maternal secretor status and human milk oligosaccharides on early childhood development: A systematic review and meta-analysis

Martin Mulinge, University of Nairobi, Kenya

Title: Detecting Vitamin A deficiency in schoolchildren from ophthalmological electronic health records using machine learning

Amar Hassan Khamis, Mohammed Bin Rashid University of Medicine and Health Sciences, United Arab Emirates

Title: Duodenal perforation caused by deferasirox

Ahmed AlSalem, Alsadik Hospital, Saudi Arabia

Title: Diagnosis of paediatric tuberculosis by cartridge based nucleic acid amplification test and its effectiveness as compared to the other conventional diagnostic methods

G Dharmaraj Patra, Dr. Ram Manohar Lohia Hospital, India

Title: Effect of intensive nutrition education and counseling on hemoglobin level of pregnant women in East Shoa zone, Ethiopia: Randomized controlled trial

Ermias Bekele Wakwoya, Jimma University, Ethiopia

Title: Liver function tests as a prognostic indicator in Pediatric Intensive Care Unit (PICU)

Akshatha Mallikarjuna, United Kingdom

Title: Community sanitation status as contributory to the sustenance of sanitation related-diseases among pediatric age group in Ebonyi State, Nigeria

Ede Alison Okorie, Nnamdi Azikiwe University, Nigeria

Title: Cerebral venous sinus thrombosis in children: A study from a tertiary care hospital of Eastern India

Shubhankar Mishra, Hitech institute of medical science, India

Speaker Presentations

Title: Closing the loop: Enhancing local monitoring of child poverty to leave no child behind

Pablo de la Rasilla, Independent Researcher, Belgium

Title: Differentiated effects of media exposure during preschool and early school ages on later development, Based on media use intentions

Suhyun Lee, The Incheon Institute, Republic of Korea

Title: Assessment of iron status and red cell parameters in healthy term small for gestational age neonates at birth

Md Arif Hossain, Bangabandhu Sheikh Mujib Medical University, Bangladesh

Title: CAP study: COVID associated pyeloplasty study

Ahamed Kabeer Wahab, Rajagiri Hospital, India

Title: Personality traits, gender, parenting styles and cyberbullying: A quantitative study of in school adolescents in Nigeria

Femi Ilevbare, Obafemi Awolowo university, Nigeria
